Situated discreetly adjacent to the World Heritage-listed Uluru-Kata Tjuta National Park, the acclaimed luxury lodge blends pristine nature, contemporary surrounds and exceptional fine dining to create an enriching connection with this ancient land. Central to the stay is an encounter with the Red Centre's iconic natural attractions and guests take 'the road less travelled', sharing exclusive experiences with fellow guests. Together, they explore the living and cultural landscapes of Uluru and Kata Tjuta.

The following represents an **indicative experience** over two nights. Activity times are seasonal and subject to sunrise and sunset times which vary throughout the year, weather permitting. Many factors influence the delivered itinerary, including length of stay, flight arrival and departure times, vehicles and guide availability. Guests are presented with a **personalised itinerary** upon arrival including the Lodge's Signature Experiences. Any special arrangements made in advance, or once in situ, will be choreographed by our team to ensure the very best experience of both the Lodge and outback.

The solar-powered exhibition lights up the outback from April 1, 2016, remaining open throughout the Red Centre's distinct seasons until March 31, 2017.

**Table 131°** - The evening seamlessly segues into an exclusive dining event among the dunes. Quieten to the night sounds of the desert and be mesmerised by the music of an ancient culture. Feast on four delicious courses complemented with the finest Australian wines. Later, Longitude's resident astronomer regales the gathering with tales of the Southerly constellations. *Table 131° operates subject to weather and climatic conditions.*
